

## OpenSSL Conference Prague 2025 October 7-9, 2025

The **Programme Committee (PC) for the OpenSSL Conference** is responsible for shaping the conference agenda by selecting high-quality talks, panels, and workshops that align with the conference's goals. The committee ensures that the event provides **technical depth, industry relevance, and community engagement** while maintaining an inclusive and balanced program.

---

### Key Responsibilities:

**Call for Papers (CFP) Management** – Reviewing, scoring, and selecting speaker proposals.

**Agenda Development** – Structuring the event program to ensure a diverse range of topics.

**Speaker Coordination** – Engaging with selected speakers, providing guidance, and assisting with logistics.

**Ensuring Technical Excellence** – Curating sessions that reflect cutting-edge OpenSSL Library developments, security practices, and open-source contributions.

**Diversity and Inclusion** – Encouraging speaker diversity and a broad range of viewpoints.

**Moderation & Session Oversight** – Ensuring smooth execution of sessions, Q&A panels, and discussions.

The **Program Committee** consists of:

- OpenSSL Corporation [Board of Directors](#)
- OpenSSL Foundation [Board of Directors](#)
- OpenSSL Corporation [Business Advisory Committee Members](#)
- OpenSSL Foundation [Business Advisory Committee Members](#)
- OpenSSL Corporation [Technical Advisory Committee Members\\*](#)
- OpenSSL Foundation [Technical Advisory Committee Members\\*](#)

*\*Technical Advisory Committee will be formed by April 30, 2025*

### **Selection Process for Talks**

1. **Open Call for Papers (CFP) Submission** – Speakers submit their proposals.
2. **Evaluation & Review** – The committee reviews submissions based on technical accuracy, relevance, innovation, and speaker expertise.
3. **Final Selection** – Talks are chosen to create a **balanced and engaging agenda**.
4. **Speaker Notification & Preparation** – Selected speakers are contacted and supported in refining their presentations.

---

### **Code of Conduct & Ethical Standards**

All Program Committee members are expected to adhere to the **OpenSSL Conference Code of Conduct**, ensuring fair, unbiased, and professional decision-making.
